

2nd International Conference on Smart Sustainable Materials and Technologies

ICSSMT 2023

30-31, August 2023
Trichy, India

Chief Patron

Shri B. Prative Chend
Chief Executive Officer
CARE Group of Institutions
Trichy, India

Patrons

Dr. S. Shanthi
Principal

Dr. A. Pasumpon Pandian
Dean (R&D)
CARE College of Engineering
Trichy, India

Conference Chair

Dr. D. R. Rajkumar
Associate Professor & Head
Department of Mechanical Engineering
CARE College of Engineering
Trichy, India

Call For Papers

- Nanomaterials
- Bio and bio-degradable materials
- Electronic, optical and magnetic materials
- Computational materials science
- Composite materials
- Smart materials and Sustainability
- Carbon Based Materials
- 3D materials
- Hydrogels and Phase Change Materials
- Nano materials for sustainability
- Sustainability of materials processes
- Testing and diagnostics
- Energy Storage and conversion materials
- Synthesis of electronic materials

Sustainable Materials science and engineering is one of the important characteristics of the existing high-tech revolution. The advances of materials science pave way for technical advancements in materials science and industrial technologies throughout the world. Materials are regarded as critical component in all emerging industries. Exquisite preparation and manufacturing must be carried out before a new material may be used. Nevertheless, electronic materials are undeniably important in many aspects of life. Smart Materials and Structures is a multi-disciplinary platform dedicated to technical advances in smart materials, systems and structures; including intelligent materials sensing and actuation, adaptive structures, and active control. Recently sustainable materials and technologies reshape the electronics industry to build realistic applications.

CARE College of Engineering offers application oriented engineering courses with hands on training in one of the most conducive learning environments in India. It inculcates the value of life beyond curriculum and explores the full potential of the students. With the state of the art facilities and highly experienced and trained faculty members, our focus is on academics as well as holistic development of the students. Join CARE and step out into the real world as a true professional.

Key note speaker

Prof. João Manuel R. S. Tavares
Universidade do Porto (FEUP), Portugal

Dr. Mario Orlando Oliveira
Universidad Nacional de Misiones-UNaM,
Argentina

Publication

All registered and presented papers will be submitted for inclusion in **Advance in Science technology and Innovation**
